A business with all this at its fingertips must have an [®]Advantage.

With the North Star Advantage, A.D.E. can now offer to the computer industry a significant small business computer breakthrough. For the first time there is available a high performance, fully integrated desktop computer capable of producing bar charts, pie charts, plotted graphics and three-dimensional visuals. The Advantage's features include two integrated double-sides, double-density floppy disk drives, an 87 key Selectric[®] style keyboard which includes 15 programmable function keys, a 12-inch green graphics display, business graphics software and self-diagnostic capabilities. The A.D.E. Advantage package is completed with the excellent OKI Microline 82A Serial Dot Matrix Printer.

The small business computer user will be able to integrate graphics into everyday business without paying a premium. The Advantage package is available for a remarkable \$5,595. At that sort of price, and with the ability to produce everything from a 3-dimensional visual to a pie chart, the Advantage will give businessmen a chance to grab a bigger slice of the profit pie. Talk to your A.D.E. Representative now.
