

SENSATIONAL BUY OF '87!!!!

Sensational at **\$499**

Jaycar is proud to announce that we have made a SCOOP PURCHASE of genuine VIATEL terminals WITH 14" COLOUR MONITOR at an unbelievable price!!

We can pass ENORMOUS SAVINGS on to you as a result! Here's the story.

A large National Electronic goods rental company came to us. They had a quantity of professional (European made) "Viatel" terminals which they wanted to sell. They wanted to sell them because they had a new terminal that had an integrated monitor and larger page memory storage. There is nothing wrong with the ones offered, they said. They were between 3 & 5 years old and had been in typical office environments, were very clean and in good condition and had been in constant service contract. They were very reliable anyway however. The units sold for over \$1,900 new but the batch being offered was ex-rental.

Well, we bought them, and they ARE in very good condition! Now, thru JAYCAR, you can own a fully dedicated VIATEL TERMINAL at a FRACTION OF THE PRICE of new or equivalent units! As far as we can tell the nearest new commercial unit costs \$1,400, so at \$499 you are making a massive saving (although the goods offered are NOT new).

RGB MONITOR. Such is the quality of this system the monitor has RGB input. RGB signals from a suitable computer can be connected to the monitor so that it can double as a high res COLOUR computer monitor! With a composite to RGB adaptor you can use virtually any computer!

VIATEL ADAPTOR. The adaptor is professionally made by Philips & INCLUDES an inbuilt modem to Viatel standard (1200/75). It features:

- Detachable remote keypad
- Keylock ON/OFF switch
- Centronics type printer port
- Telecom approved (C82/39/489)
- Tape record port
- Full keyboard port
