Hardware Installation

Connecting NetScroll+ to Your Computer

Note: Always turn off your computer before you connect or disconnect your mouse.

1. You can connect the mouse to either the PS/2 or serial port.

| Connecting to a PS/2 port	Connecting 6-pin to 9-pin	Connecting to a 9-pin serial port

PS/2 port   Serial port

2. For the PS/2 mouse port, connect your mouse to the 6-pin PS/2 port on your computer.
3. For the serial (9-pin) port, connect a 6-9 pin adapter to a 9-pin serial port.
4. Turn on your computer.

Software Installation

For Windows 95/98/NT
1. Insert the MouseMate 98-NetScroll+ software diskette into drive A or B.
2. Open the "Start" menu (Ctrl & Esc), and select "Run".
3. Type A:SETUP (or B:SETUP) in the command line box and select "OK".
4. Follow the instructions on the screen, and when the installation is complete, re-start your computer.

Factory Settings

Magic-Roller

Right Button

Left Button

Magic-Roller Press the "Magic-Roller" to surf the Internet and Windows documents.

Left Button   Provides traditional mouse functions such as click, double click and drag.

Right Button   You can assign this button frequently used keyboard and mouse functions in addition to features like EasyJump, Auto-Panning, Zoom, etc.

MouseMate 98-NetScroll+ Software Features

Browsing Speed   You can adjust the browsing speed when you surf the Internet or Windows documents.

Browsing Direction   Move the "Magic-Roller" forward and the screen will browse to the top of the document. Move it in reverse and the document will go in the opposite direction

Button Find   Automatically positions the cursor on the default button, usually the OK button, when the dialog box appears on your screen.

Trails   This option makes it easier to find the cursor when using an LCD monitor. This option cannot be used if your monitor does not support it.

Loop   When you move the cursor to the top (or bottom) of the screen, it will automatically move the cursor to the bottom (or top) of the screen.

Mouse Speed   This function lets you adjust the speed at which the pointer moves across the screen.

Double Click Speed   Use this function to set the double click speed of the mouse.

Swap Left/ Right   Select this option if you want to have NetScroll+ operate with the right mouse button as the primary button.

Pointers Folders   This lets you change the shape of the cursor.

Office 97 Mode   Only supports Microsoft Office along with some new applications. Features include zoom, scrolling and Auto-scrolling features. It's similar to Microsoft's IntelliMouse.
MouseMate 98-NetScroll+ Software Features

Genius Mode	Supports all applications that use scrollbars, including Office, with zoom, Auto-panning, and scrolling functions.
About	Click here to open the Genius Homepage **"www.genius-net.com.tw"**
Orientation	This function lets you set the angle when you move the mouse upward. It gives you a more comfortable angle when holding the mouse. This function works best with a portable trackball.

EasyJump for Windows

Horizontal

Vertical

Help

Internet Access

Start

EasyJump lets you open eight special functions quickly.

Close AP	Close the application you are using.
Horizontal	Moves the cursor to the horizontal scroll bar.
Vertical	Moves the cursor to the vertical scroll bar.
Start	Activates the Windows Start menu.
Internet Access	This function opens Browser to access the Internet.
Help	This opens the Help menu.
Control Panel	Opens the NetScroll+ control panel.
Auto-Panning	Move the mouse, and the document will move in the direction you move the mouse.

Switch Applications

When the right-button or Magic-Roller is set to "Switch AP", you can quickly switch from one open application to another without moving the mouse. To switch to a specific application, press the the right button or the Magic-Roller to select the application.

Zoom function for Office and IE Applications

Press the "Ctrl" key and move the "Magic-Roller" forward (or backward) to set the Zoom In/Out function. You can also use just one hand to Zoom In/Out: set the right button to be the "Ctrl" function, press the right button and move the "Magic-Roller" forward (or backward) to enlarge (or decrease) the document window.

Auto-Panning

You can set this function in the Button Assignment menu. Move the mouse, and the document moves in the direction you just moved.

Uninstall NetScroll+

Follow these instructions to remove the NetScroll+ software from your hard disk. In Windows 95/98/NT,click on the Start button, select Programs and move to NetScroll+. Then click on Uninstall NetScroll+.

Customize NetScroll+

This section shows you how to customize NetScroll+. To open the NetScroll+ control panel, you can double-click on the icon in the task bar or select the "Genius NetScroll+" icon from the NetScroll+ program group.

Close the NetScroll+ Software

Click the right button on the taskbar, and select "Close NetScroll+" to close the software.
