COLOUR GENIE

HERE TODAY? GONE TODAY!

Bertas International Pty. Ltd. would like to make an apology to the people who enquired about the Colour Genie home computer. Due to numerous complications we have decided not to pursue, further, the importing of the Colour Genie computer. However we may consider the upgraded Colour Genie due to be released around the end of this year!!!

Bertas International Pty. Ltd. is currently sourcing the Japanese market for a computer that will meet the requirements of the Australian market.
